

## ***Caring Project 2010***

“A bowl of ***Hearts***”

How often do we think of the hungry folks on the streets when we enjoy our meals at home, in the coffee shops, hawker centres or restaurants with our family members, relatives, friends and colleagues? Not very often!

We, at OneHeart, hear the call of the poor, the needy and the homeless. We want to answer that call and decided to organise and sponsor a meal to these folks on the streets in the heart of Kuala Lumpur. Although we cannot feed thousands of them but we certainly can feed at least 150 people. We want them to enjoy a decent meal and assure them that they are in our thoughts.

To do this sponsorship, we cannot act alone. We need your help and generosity to buy a meal for them. Please contribute to our **Soup Kitchen Fund** today!!

Join hands with OneHeart. You can touch lives!
